The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be noted by users of this Catalogue

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.)

EXCEPTIONS.—(1) In the case of editions of classical music instead of scattering them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Balfe (Michael William); Beethoven (Ludwig van); Bellini (Vincenzo); Bizet (Georges); Brahms (Johannes); Chaminade (Cécile Louise Stéphanie); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Donizetti (Gaetano); Flotow (Friedrich von); Godard (Benjamin Louis Paul); Gounod (Charles Francois); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Lalo (Edouard Victor Antoine); Leoncavallo (Ruggiero); MacDowell Edward Alexander); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Meyerbeer (Giacomo); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Paganini (Niccolò); Raff (Joseph Joachim); Rubinstein (Anton Gregorovitch); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louise Ambroise); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles and search should only be made under the names of the composers.

IMPRINTS.—As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated. Titles reading "w" and "m" (signifying "words by," "music by") are to be understood as songs.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Explanations to be noted by users of this Catalogue.

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a," "an," or "the," or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music instead of scattering them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bellini (Vincenzo); Berlioz (Hector Louis); Bizet (Georges); Brahms (Johannes); Chaminade (Cécile Louise Stéphanie); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Donizetti (Gaetano); Flotow (Friedrich von); Gluck (Christoph Wilibald von); Godard (Benjamin Louis Paul); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Leoncavallo (Ruggiero); Liszt (Franz); MacDowell (Edward Alexander); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Paganini (Niccolò); Raff (Joseph Joachim); Rossini (Gioacchino Antonio); Rubinstein (Anton Gregorovitch); Saint-Saëns (Charles Camille); Scharwenka (Franz Xaver); Schubert (Franz Peter); Schumann (Robert Alexander); Strauss (Richard); Thomas (Charles Louis Ambroise); Tschaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) COLLECTIONS having general titles, such as "Fünf studien," "12 études élémentaires," etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz," "dance," "march," "cantata," "schottische," "nocturne," "impromptu," "sonata," "étude," "study," "exercise," etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles and search should only be made under the names of the composers.

IMPRINTS. —As the publishers of musical compositions are generally also the claimants of copyright the imprint is omitted, but when the name and address of the publisher differ from those of the copyright proprietor, mention of the fact is made at the end of the title as an imprint giving place of publication and name of publisher.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOGUE.

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated. Titles reading "w" and "m" (signifying "words by" and "music by") are to be understood as songs.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c.," for 2 copies, followed by the date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of copyright renewals and extensions made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, follows the list of renewals.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that in so far as any copyright articles deposited from July 1, 1909, to June 30, 1914, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1924.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*
